

Fernanda Petrone

Was born in Naples on 28 May 1990. In 2013 she obtained a Master degree in Pharmacy and Industrial Pharmacy at the University of Naples Federico II. In the same year, she began her career in the pharmaceutical field working in the "Quality Control" division at the Pozzilli (IS) headquarters of the

Advanced Accelerator and Applications ("AAA") company. In 2014 she turned her interest to family businesses, initially working as a pharmacist at one of the Petrone group pharmacies, and then moving to the Petrone Group Quality department, as an assistant to the Technical Management. In 2015 she was appointed Director.
